

# SHOCK AFTER AUTO MISHAP FATAL TO YOUNG LADY

## HARDING PLAN WINS FOREIGN FRIENDS TODAY

### But Borah Takes Sides Against President and His Scheme.

Washington, Nov. 28.—(By the Associated Press)—A resolution declaring for relinquishment of foreign postoffice privileges in China was adopted today by the nine powers sitting as a committee on Pacific and Far Eastern questions.

The date of January 1, 1923 was set for the abandonment of foreign post-offices and this was agreed to by all the powers represented, except Japan whose representatives asked for time to hear from their government.

The Japanese delegates, it was said did not object to January 1, 1923 as the date for abandoning their post-offices, but felt that they did not have the authority to agree to that date without referring the matter to Tokyo.

To Close Foreign Courts  
The nine powers' committee deferred final action until tomorrow on the question of extra territorial rights in China. The principle of closing foreign courts in China, it was said, was agreed to, but consideration of the formal resolution, went over.

Chinese representatives at today's meeting brought up the democratic control of Chinese railways. The question however, went over for consideration at another meeting of the full nine powers tomorrow morning.

The Chinese railway question, according to Chinese representatives, would necessarily involve the matter of Shantung, which is regarded as one of the big problems with which the Washington conference may have to deal, so far as Far Eastern affairs are concerned.

Endorse Harding Plan  
Spokesmen of two other of the participating powers, Senator Schanzler for Italy, whose delegates he heads, and Vice Foreign Minister Hanikura, for Japan, one of the four members of that delegation, had joined today with Rene Viviani, head of the French delegation, in endorsing President Harding's informal suggestion that the present conference might be a starting point for a continuing series of conferences to examine world problems. Senator Schanzler expressed the conviction that adoption of the plan would represent the greatest and most beneficial result of the Washington conference, while Mr. Hanikura said he believed Japan would be ready to take part in any future conferences, "with the great object of maintaining a harmonious co-operation of the powers and world peace."

Borah Raises Kick  
A voice in opposition to the "proposed association of nations" was simultaneously by Senator Borah, Republican, of Idaho, who declared it would be the "old league of nations under another name."

It would "engage in precisely the same kind of work," the senator said. "It is not what you call it but what it is, that counts."

## Can Now See Movies in Broad Daylight

By Associated Press Leased Wire  
Davenport, Ia., Nov. 28.—It will no longer be necessary to sit in the dark at the movies, according to A. F. Victor, secretary of the National Society of Motion Picture Engineers, who today announced the invention of a machine which he says will permit of daylight motion pictures.

Mr. Victor's invention reversed the present order of movies, the light, instead of being reflected from the rear of the screen, is now reflected behind the screen. It is now possible to leave half daylight in the room and yet have perfect pictures on the screen. He had experimented for ten years on his daylight theory before being successful in perfecting it, he said.

## FATTY TOOK STAND TODAY AND DENIED HURTING VIRGINIA

### For First Time Screen Comedian Told His Side of Story.

By Associated Press Leased Wire  
San Francisco, Nov. 28.—Roscoe C. (Fatty) Arbuckle took the stand today in the manslaughter case against him.

Arbuckle said he came to San Francisco from Los Angeles on September 3 and stopped at the Hotel St. Francis. He named the guests at the party in which he is alleged to have fatally injured Virginia Rappe, saying that he had invited no one to the party but Mrs. May Taube.

Arbuckle said he had an engagement to go out with Mrs. Taube a few minutes after Miss Rappe is alleged to have been injured by him.

"I found Miss Rappe in my room. She was on the bathroom floor very sick. I assisted her."

"She was holding her abdomen and I gave her some water."

"I helped her into the bed," Arbuckle continued. "She said that she had dizzy spells often. Then I went back to the bathroom. When I returned Miss Rappe was on the floor rolling and moaning. I placed her on the bed again."

Was Tearing Clothing  
"While I assisted her Miss Prevost and others entered the room. I went into another room and when I came back Miss Rappe was on the bed tearing her clothing."

Arbuckle said he was dressed in bathrobe and underclothing. The bathrobe was introduced and he identified it.

"Mrs. Delmont, a guest of the party, told me to leave Miss Rappe," Arbuckle testified. "I told Mrs. Delmont to 'shut up' or I would throw her out of the window."

Arbuckle told of taking Miss Rappe from the room and into another room with the assistance of Harry Doyle, assistant manager of the hotel. The door leading from his room to the corridor and a window of the room were open, he said.

"I did not hear Miss Rappe say 'He hurt me' or anything that could be so understood," he testified.

"He denied having forced Miss Rappe against a door or having told Alfred Semmacher, a guest of the party, that he applied ice to Miss Rappe's body."

He denied testimony of Jesse Norgaard, janitor of the Culver City motion picture studio, that he offered Norgaard a sum of money for the key to Miss Rappe's room.

His direct examination was finished at 10:50 a. m.

Expert Is Denied  
Arbuckle's testimony followed a futile attempt by the defense to have

### Jos. Wilson and John Warner in Fire; R. Jones Has Mishap.

(Special to the Telegraph.)  
Grand Detour.—The John Warner farm residence about three miles northwest of Grand Detour was totally destroyed by fire of an unknown origin Friday morning about 3 o'clock. Joseph Wilson, who is the tenant on the farm, and Mr. Warner were asleep on the second floor, when the latter was awakened by the heat and smoke. He also was understood to have declared that the relations between the French and Italian delegations within the conference had been most friendly.

M. Briand, Mr. Hughes asserted, had used no words whatever that could give offense to Italy in any manner. Rene Viviani, present head of the French delegation, speaking after Mr. Hughes, also denied the reports.

## ANOTHER TIED GAME WITH ROCHELLE END OF FOOTBALL SEASON

### Dixon Legion, Aided By R. I., Battled Beloit and Rochelle.

The Dixon American Legion Football team closed a most strenuous and successful season yesterday afternoon when they held the Rochelle team without a score before nearly a thousand fans at the Brown field. The game was the last of a series of three with Rochelle, the Armistice day game being a 3 to 0 victory for Rochelle and the two following contests scoreless.

Late in the week, Manager Simmons and Coach Dixon heard that Rochelle had secured practically the entire Beloit Fairy eleven for the Sunday game and at noon Saturday the Dixon men succeeded in securing through Manager Walter Flanagan of the Rock Island Independents four of the regulars on that team to fill the positions of crippled Legionites.

The contest was very hotly contested and honors were about even. Both teams succeeded in running the ball down the field to within a short distance of the goal only to lose it on fumbles or to be held for downs. The crowd was the largest that has attended a football contest this season and hundreds of fans marched through the streets, led by the band and members of the Legion team to the park. The band gave a concert preceding the opening of the game.

Dixon Kicked Off  
Dixon kicked off to the visitors, Wenig booting the ball to the Rochelle 10 yard line. Rochelle made four attempts to get away and made but three yards, putting back on the fourth. Novak threw through the interference for five yards and then received the ball and went forward pass and for 25 yards. A forward pass Douglas to Wenig, netted ten yards. The Rochelle line was receiving a terrific battering and was not holding the Dixon assaults.

Novack then found a hole in the Rochelle line and made ten yards through interference. Vaughan advancing the ball one yard on the same play. Novack carried the pigskin for a 3 yard gain on a criss-cross play, advancing it to Dixon's ten yard line. Rochelle took a stand at this danger point and punted back to the center of the field. Douglas tried to put over a long pass to Gorbahn which failed and then Vaughan broke through interference for a five yard gain. Wenig was sent back to try for a drop kick, which Rochelle blocked as the quarter ended.

This was Dixon's real opportunity to score and it failed. At no other

## BABY DROPPED POISON IN MILK MOTHER DRANK IT

### Mrs. L. E. Woodyatt of East of Town Was Near Death.

Mrs. L. E. Woodyatt, residing east of the city near the cement plant, had a narrow escape from death last evening when she drank a glass of milk in which some bichloride of mercury tablets had been partially dissolved accidentally. She was rushed to the Dixon hospital where she was given immediate attention and was able to return to her home this morning.

One of the children in the house had found a bottle of the tablets and unobserved, dropped some of them in a glass of milk which Mrs. Woodyatt was about to drink. After she drank the milk she discovered some of the undissolved tablets in the bottom of the tumbler and notified her husband. A physician was immediately summoned and the woman removed to the hospital where she was given the necessary attention.

Mrs. Woodyatt was able to be about her home this morning but had not completely recovered from the effects of the poison, which, if she had not discovered it at once, would probably have resulted in her death.

## WEAK HEART OF GIRL RESULTED IN HER DEATH

### Was One of Three Hit By Auto at Franklin Sunday.

The bright glare of headlights was responsible for a deplorable accident in Franklin Grove last evening when Miss Bernice Wingert, a 13-year-old high school girl, was killed and her older sister, Miss Ruth Wingert, was injured. Miss Ruth's injuries are of a superficial nature and will not be fatal.

Miss Bernice, who is the youngest daughter of Reverend and Mrs. F. E. Wingert, living about two miles from Franklin Grove, near Steamboat Rock, in company with her sister Ruth and another girl friend, Melba Phillips, daughter of Mr. and Mrs. Clyde Phillips, were walking west along the Lincoln Highway, between Elm and Spring streets in Franklin Grove, when the accident occurred. There are no sidewalks along the street at this point and the girls were walking on the pavement to avoid the mud at the side. They were bound for the home of Marcus Wingert, grandfather of the two girls.

Chana Car Struck Girls  
Two men from Chana, Dick Hamilton, telegraph operator from that town and George Arends, in a Ford, with Hamilton driving, were west bound, going to Clinton, Iowa. As they approached the girls from the rear they were blinded by the lights of oncoming cars and did not see the girls, according to their story. A number of cars from the football game in Dixon, bound for Rochelle, were approaching. It was the glare of the headlights on these cars, it is declared, that prevented the Chana men from seeing the pedestrians.

Weak Heart Cause of Death  
It is believed that the Wingert girl died from shock and a weak heart, rather than from any injuries she received by being struck by the car.

Girls Were In Street  
Witnesses to the accident say the Chana men were driving at a very moderate rate of speed. The three girls were walking in the street, with Bernice nearest the middle, her sister Ruth next and the Phillips girl closest to the edge. Both of the Wingert girls were knocked down by the car and the Phillips girl was thrown from the pavement into the mud, but was unharmed. Ruth Wingert apparently had received the most serious injuries, as a car wheel passed over her arm and her face was badly bruised when she struck the concrete pavement.

Bernice, the girl who later died, was thrown to the pavement also, but the injuries to her seemed to be confined to bruises on her knees, where she struck the pavement.

Rochelle Boys to Rescue  
A Rochelle truck, driven by Fred Harrison of that city, occupied by eight Rochelle boys who had been in Dixon to attend the football game, was the second car in the line of machines approaching the scene of the accident and they stopped immediately and went to the aid of the injured girls. The first car sped on east and it is not known whether its occupants saw the accident. Harrison saw the entire affair but from a distance of a block or more.

Harrison and his friends and the men in the Chana car carried the girls to the home of Dr. Grim, nearby, and then Bernice walked, with aid, to the home of James Conlon, across the street. Dr. Grim and Dr. Banker attended the girls.

Early in the Evening  
The accident occurred about 5 p. m., as it was growing dusk Bernice Wingert was believed not seriously injured, although both Dr. Banker and Dr. Grim attended her and found that she was very weak and nauseated. Her pulse kept growing weaker, but for a couple of hours she was perfectly conscious and made no complaint of pain. Toward the end she sank rapidly and medical aid was of no avail.

Has Had Heart Trouble  
The parents of the girl say that for some time she has complained of heart trouble and it is believed that the shock of the accident was too great a strain for her weak heart. She died about 8 o'clock, in the Conlon home.

Ruth Wingert was still at the home of Dr. Grim this morning but will recover rapidly.

Inquest In Progress Today  
Coroner Samuel Whetston, of Steward, arranged to hold an inquest at Franklin Grove today. He ordered that the two men from Chana, Hamilton and Arends, be sent for, and it was reported that they were on their way to the inquest, in company with their attorney, Wm. Emmerson of Oregon.

Do Not Blame Men

## STATE OFFICIALS IN CITY TO HELP STAMP OUT SMALLPOX CASES

### Will Assist Local Officers in Combating Disease.

Mayor Smith, Health Officer Werren, Dr. Rodney Wright, district health superintendent, of DeKalb, and P. H. Cooney, of Springfield, chief quarantine officer for the State Department of Health, began a united effort today to stamp out smallpox, which has fixed its fangs into the home life of the city of Dixon.

Dr. Wright and Inspector Cooney arrived in Dixon this forenoon, Wright from DeKalb and Cooney from Springfield. At 2 o'clock this afternoon the officials held at conference in the office of Health Officer Werren. In addition to the two state officials the conference was attended by Mayor Smith, Father Foley of the Catholic school, Superintendent Potter of the public schools, the city nurse, and Dr. Werren. For several hours plans of operation were taken up and discussed.

The officials will carry out the text of the resolution adopted by the city commissioners on Saturday, which resolution provides for a general vaccination of all school children.

Talked to Teachers  
At 4 o'clock this afternoon Dr. Rodney Wright, district health superintendent, addressed the teachers of the city, and other persons interested in the high school room of the South Side High school building. Dr. Wright was asked many questions relative to the disease and what is being done to stamp the disease out. He declared that if Dixon people act promptly, get the health machinery in full operation and watch daily the progress of the disease, if there should be progress, it will not take long to wipe it out entirely. "The principal thing to do now," declared Dr. Wright, "is to keep the disease from becoming an epidemic."

Dr. Wright said that in order to get results and get them quickly everybody must co-operate with the local officials. Nothing, he said, must be left undone.

Inspected Colony  
It is said that there are now about nine cases in the city, with one case

us. But, from what we heard on the  
Avenue this morning it must have  
been some game. Several places we  
found our friends were over the  
over the result of the game. It seems  
that one man from Rochelle, who of-  
ficiated as one of the linemen, played  
a prominent part—some of the friends  
swore a blue streak when his name  
was mentioned. Of course, we do not  
know just what he did, but, he has  
made some trouble for some of our  
lads of the Avenue.

Billy Jones declares it was the best

## Deaf Rockfordite Killed By Train

Michael J. Quinn, aged 63, of Rock-  
ford, was killed by a Chicago &  
Northwestern passenger train on the  
Kenosha division near Highbridge  
about 10 o'clock Saturday morning  
when deafness prevented his hearing  
an approaching train as he was walk-  
ing in the railroad track.  
Quinn was walking north in the  
track carrying a trapper's outfit.  
Both the engineer and fireman on the  
engine believed he would step off the  
track but when he failed to take  
heed of the whistle, every effort was  
made to stop in time to prevent an ac-  
cident but of no avail. Quinn was  
hurled to the side of the track where  
he lay conscious but helpless when  
the train crew reached him. He died  
en route to the hospital.

### MERCHANT HIGH IN PRAISE OF TANLAC

#### Says He Had Rheumatism So Bad He Couldn't Feed Himself—Health Now Splendid.

"Tanlac has relieved me of rheumatism and other troubles from which I suffered for three years and has increased my weight twelve pounds besides," said E. T. Chorn, a well known merchant of Chatham, Ill. "The rheumatism in my right hip hardly ever let up at all and at times I would be almost helpless for hours. The muscles in my legs felt like they were drawn in knots and hurt me so I could hardly stand it. Then the rheumatism got into my arms and I couldn't put on my coat or use my hands to feed myself. At times my whole body ached. My kidneys were badly disordered and it was next to impossible for me to sleep.

"Before I had finished my first bottle of Tanlac my kidneys stopped bothering me so much I could sleep better. Tanlac has now put me in shape to where I never feel a touch of rheumatism and my kidneys don't trouble me a particle. The pains have gone from my whole body and I can use my arms with perfect ease. I now sleep like a log all night and there is such a difference in the way I feel that words can't express it."

Tanlac is sold in Dixon by Thomas Sullivan and the leading druggists everywhere.—Adv.

### This week is PULLMAN WEEK Complete Demonstration

THE Pullman is made in both the long and short sizes.

The long davenport is preferred where wall and floor space in the living room is not limited. The short davenport—called by some the "Pullmanette" is preferred where there is insufficient wall space.

The long davenport, costing no more than the short, has many points of advantage. For instance, in every family there is at least one member who likes to take "40 winks" at times. This can be done on the long davenport without opening it as a bed. It affords greater seating capacity when there is a "houseful" of company. Being usually the largest and most impressive appearing piece of furniture in the home it "sets off" the living room to much greater advantage than the short size.

Foxhounds	0	3	.000
Terriers	0	3	.000

It begins to look as though the big scrap in the Junior B tournament would be between the Bull Dogs and the Greyhounds as both these teams continue to win and both are undefeated. In the first game Capt. Eddie Hilliker's Wolfhounds chased the Terriers all over the floor and held them scoreless while Larkin of the Wolfhounds tossed in two field goals. The Terriers put up the best game they have played so far in the tournament but couldn't do much against their heavier opponents.

In the second game the Bull Dogs ran the Foxhounds ragged allowing them only one point which Reagan made on a free throw. Capt. Kennedy was again the mainstay of his team making 8 of the team's 9 points. Worley making the other on a free throw. The Greyhounds, led by Capt. Smith, again won this time over the Soupounds, the score being 5-0, Smith making all the points in the game.

The Straphangers forged into first place in the Junior A race by defeating the Razzberries 6-0. This was some game as up to this game both teams were tied for first place and both were out to win. Capt. Krug made all the points in the game by ringing up two free throws and two field goals. The Katzenjammers and Hooligans, tied for last place fought out another tough scrap, which the Katzenjammers won 14-5. Capt. Miller and Lowell led the scoring for the Katzenjammers, each making 3 field goals. "Young Doc" Segner making the other basket. Capt. Glessner was numbered among those not present which was one reason for the Hooligan's downfall. Reagan made 4 points and Hoffman one for the Hooligans.

## IN BED EIGHT MONTHS

Cause—Change of Life. How Lydia E. Pinkham's Vegetable Compound Got Me Up

Afton, Tenn.—"I want other suffering women to know what Lydia E. Pinkham's Vegetable Compound has done for me. During the Change of Life I was in bed for eight months and had two good doctors treating me but they did me no good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, which I did and in a short time felt better. I had all kinds of bad spells, but they all left me. Now when I feel weak and nervous I take the Vegetable Compound and it always does me good. I wish all women would try it during the Change of Life for I know it will do them good."

—Mrs. A. KELLER, Afton, Tennessee.

Women from forty-five to fifty years of age should take warning from such symptoms as heat flashes, palpitation of the heart, smothering or fainting spells, or spots before the eyes, and prepare their system for this perfectly natural change by taking Lydia E. Pinkham's Vegetable Compound. It has helped many, many women through this trying period, just as it did Mrs. Keller.

## COMB SAGE TEA IN FADED OR GRAY HAIR

If Mixed with Sulphur it Darkens so Naturally Nobody can Tell.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By adding at any drug store for "Weyth's Sage and Sulphur Compound" you will get a large bottle of this old-time recipe. Improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Weyth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. It's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

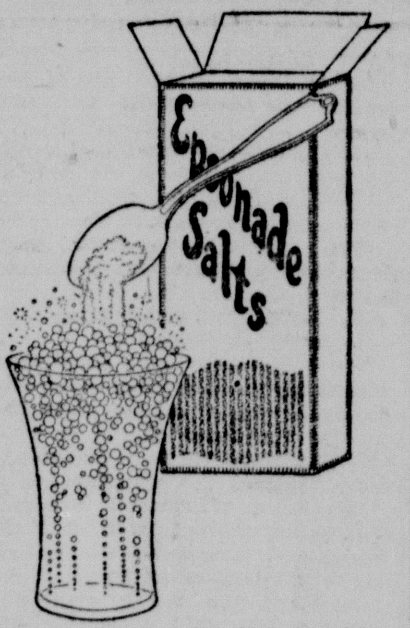

footing of a column of figures was made by an adding machine through the handling of the machine. This he said had fooled examiners two or three years and also blocked examiners for three or four days while looking for the method used in defrauding the bank.

The defense in the case charges that Z. B. Whitfield, former cashier of the bank is the entire cause of the bank's shortage. Mr. Whitfield is to be tried on separate charges.

St. Louis, Mo., Nov. 26.—With the election today of officers the annual convention of the Central Association of Science and Mathematics teaching in session here since Friday morning, will come to a close. Approximately 500 delegates from 21 states are in attendance.

A plea for more prominence for geography in the present day high school curriculum was made by I. N. Hise, a high school teacher of Chi-

cago, in his address, in which he reviewed the importance of geography teaching and its educational value. The demand for geography, he said, was steadily increasing in public life.

The company assays jewels. As the bandits made their getaway in an automobile, they fired several shots, apparently to intimidate probable pursuers.

## Yeast Vitamon Tablets Greatest Complexion Secret

Banishes Skin Eruptions, Puts On Firm Flesh.

If you want to quickly clear your skin and complexion, put some firm, healthy flesh on your bones, increase your nerve force and power, and look and feel 100 per cent. better, simply try taking two of Mastin's tiny yeast VITAMON Tablets with each meal and water results. Mastin's VITAMON Tablets contain highly concentrated yeast-vitamins as well as the two other still more important vitamins (Fat Soluble A and Water Soluble C). They positively will not upset the stomach or cause gas but, on the contrary, are a great aid to digestion, to overcome constipation and as a general conditioner of the whole system. Pimples, boils and skin eruptions seem to vanish like magic under their purifying influence, the complexion becomes fresh and beautiful, the cheeks rosy instead of pale, the lips red instead of colorless, the eyes bright instead of dull. So rapid and amazing are the results that success is absolutely guaranteed or the trial costs you nothing. Be sure to remember the name—Mastin's VITAMON—the original and genuine yeast-vitamin tablet.

There is nothing else like it, so do not accept imitations or substitutes. You can get Mastin's VITAMON Tablets at all good druggists.

Find Passports for Wives of Doughboys

Coblenz, Nov. 26.—A missing suitcase containing the passports of the wives of 82 American soldiers, who left here for Antwerp yesterday on their way home was found here this morning by military police. Discov-

ery that the satchel was missing was made just before the train pulled out. The military police, who found the documents expressed belief that the satchel had been taken from the train by a jealous woman. The passports are being rushed to Antwerp by a courier and arrangements have been made to delay the sailing of the transport Cantigny until the documents arrive.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets  
That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers. Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative. No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action. If you have a "dark brown mouth"—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime. Thousands take them every night just to keep right. Try them. 15c and 30c.
